#### TWELVE JURORS CHOSEN TO TRY GILLESPIE CASE

Examined, and One of the Twelve May Be Rejected.

Still Greater Crowds Are Turned Away from the Courthouse-The Day's Incidents.

Special to the Indianapolis Journal. RISING SUN, Ind., May 10 .- Late this afternoon a jury of twelve men was secured for the trial of James Gillespie, Mrs. Belle Seward and Myron and Carrie Barbour, for the murder of Elizabeth Gillespie in December last. One hundred and forty additional names had been placed in the box, making 280 in all. Of these eightyfive were examined. With three exceptions

the jurors are farmers. The list follows: George Reiman, farmer; David H. Gibson, farmer; August Grieve, farmer; Martin Scranton, farmer; William J. Spalding, farmer; William Ward, lumberman; Henry W. Neaman, farmer; David Bailey, farmer; William J. Powell, wharfmaster; Oscar Jones, grocer; Hugh Freuch, farmer; Albert Pate, farmer. Jones is the only resident of Rising Sun.

Thomas Shay, of the firm of Shay & Cogan, Cincinnati, were added to the list of attorneys for the defendants. The State is represented by Harry R. McMullen and his bother Cassius, of Aurora, and Henry N. Spaan, of Indianapolis.

Considerable criticism is being made this is known that at least one or two of the jury are decidedly opposed to hanging and electrocution, and will never consent to a verdict in that form. The attorneys for the State will make their opening state-ment in the morning, to be followed by the introduction of testimony. It is understood the line of defense will be made known after the State has adduced its proof. There may be a change of one member of the jury in the morning, as it has developed that a relationship exists which disqualifies at least one of the panel as now constituted. A. B. Cooper, a merchant, related by marriage to Myron Barbour, told the court he did not believe he was competent to serve as a juror. He explained that the attorneys did not ask the question that would have shown his incompetency. The court said that it was in the province of the attorneys to ask the question if they had desired to do so. Several of the venire DE KALB COUNTY IS who were excused had said they would not vote to hang a woman.

The hearing of the case was broken from 10 to 1:15 o'clock in order that persons engaged in the trial might attend the Demo-

cratic district convention. There was a large crowd at the hearing, both morning and afternoon, but only a opera House and nominated the following mittance could crowd into the courtroom. The mother of Myron Barbour sat with ner son. As James Gillespie took his seat, Earl Seward handed him a bunch of lilies of the valley. Gillespie took the flowers, smelled of them and handed them to Mrs. Seward, who held them the rest of the morning. As the prisoners left the courtroom at the adjournment, Mrs. Seward pinned a bunch of flowers on the coat of her brother, James Gillespie, and he wore them into the jail.

It is said all four of the defendants will be put on the stand in their own behalf, if, indeed, it is deemed necessary to present estimony, one lawyer for the defense having expressed the opinion that the state's case will be so weak that no further testimony will be needed to clear his clients.

FIGURES CHANGED ON ASSESSMENT BOOKS

Oueer Condition of Affairs Has Been Discovered in a Wayne County Township.

Special to the Indianapolis Journal. RICHMOND, Ind., May 10 .- The County Commissioners may be called upon to investigate a peculiar discovery that has been made in reference to some of the tax returns in Wayne township for last year. It has been found that the figures of 700 assessment sheets have been tampered with, the amounts having been increased as a general thing by the addition of fig-ures. It has caused the officials a great deal of trouble in getting their books prop-

erly adjusted.
No one but the county could gain anything by such a move, and it is considered as probably a piece of spite work that may have been directed against the township assessor. It was at first thought the inincreases as high as \$1,000.

Knox County Attorney Probably Will Be the Populist Nominee for President.

HIS HONORABLE CAREER

Special to the Indianapolis Journal VINCENNES, Ind., May 10.-Samuel Wardell Williams, of this city, probably will be journed the delegates were given a short ticket. He has been indorsed by his own State and by several other States.

Mr. Williams was born at Mt. Carmel, Ill., on Feb. 7, 1851, and was educated at the Friendsville (Ill.) Academy. He came he was a clerk in the Department of the In- to Vincennes in 1870, studied law, and was admitted to the bar in 1874.

In 1882 and again in 1884 Mr. Williams was elected to the Legislature on the Democratic ticket, and took an active part in the business of the House of Representatives. He was a candidate for speaker, but was defeated by Charles L. Jewett. He was made chairman of the House caucus, and presided over the meeting which nominated Daniel W. Voorhees for United States senator. During both terms Mr. Williams was a member of the judiciary committee,

and in his second term was chairman of

the committee on benevolent institutions. About the year 1885 Judge Williams left the Democratic party and identified himself with the Populists, and has since been recognized as one of its leaders in this State, and has been conspicuous in all its national meetings. He was made delegate at large from the State to the Populist national convention at Omaha in 1892, at St. Louis in 1896, and at Cincinnati in 1900. His speech at Cincinnati became the Populists' "keynote" of that campaign. Mr. Williams | full amount ready for delivery. has again been made delegate at large to the convention which meets at Springfield, Ill., this year. He will not only be leader of his own delegation, but will be recognized as one of the leaders of that convention. He has been a member of the Populist national committee for many years, and has taken an active part in all its meet-

While devoting considerable time to politics, Judge Williams does not neglect his practice, which is extensive. He is one of the leaders of the Vincennes bar and often serves as special judge in important cases. He organized the bar association of Knox county and was its president in 1902. He is an eloquent orator and a forcible reasoner. As a cross-questioner he has no equal at the Knox county bar.
